

FAMILY PACKAGES - £95

Whether it's parents and their kids., grandparents or all of the cousins. Family photoshoots should be a memorable experience and one to treasure. Our studio is a relaxed and very homely environment capturing authentic and timeless moments between you and your loved ones. This should NOT be in replacement for a newborn session, newborn sessions require more time and preparation. If you have a newborn please be aware that no time will be dedicated to swaddling and posing your baby.

CAKE SMASH - £95

Cake smash photo sessions are becoming an increasingly popular way of documenting your child's 1st birthday. The session takes place at our studio and we start the session with some up to date portraits which allows for parents & siblings to get involved. One year olds are easily distracted, we keep our set up a clean & natural aesthetic to minimise distractions. Onto the smash. We provide balloons, a ONE sign and cake stand. You bring an outfit & cake for your little one. We advise you don't spend too much on the cake, after all it's going to get very messy, very quickly. Buttercream icing is recommended. It looks better in the images!

Includes : 45 minute session. You receive all of your unedited images & choose 15 of your favourites to be edited! All images will be available digitally for download.
