WATER BOUDOIR PACKAGES

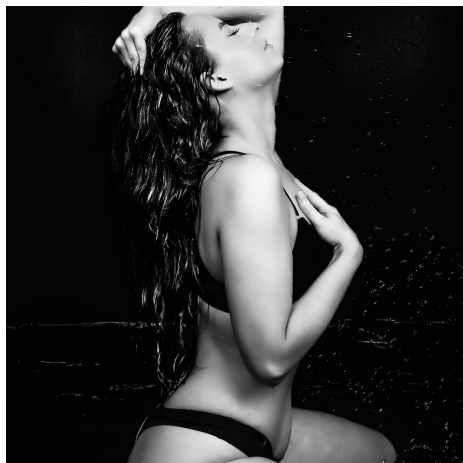

Inspired by the Magic Mike water dance this new set up allows for those sensual wet look images. This can be done on its own as it's own package or can be added in to any boudoir package for an additional £190.

Due to the time required setting up and dismantling this new area, we will need to block the diary full day. This being said, if you choose to add this on to your already existing boudoir package, this can only be done if the diary suits. If you do decide to add this on and later decide you do not, the money for this would not be refunded.
